

**Searching for undiscovered opportunities on an international level enables us to develop products and services for governments, corporates and institutions.**

**You'll broaden your career horizons on a global platform that will enable your curiosity to thrive, support your thirst for learning and provide opportunities to work with colleagues around the world.**

**Be a great discovery for Global Banking and Markets.**

HSBC invites penultimate year students, final year students and recent graduates to apply for the 2018 Global Banking (Coverage Relationship Management) Internship Programme 2018 in Hong Kong.

Coverage Relationship Management (CRM) is the principal point of contact for HSBC's largest clients, responsible for building trusted relationships and delivering bespoke solutions across the full suite of products globally. CRM uses HSBC's platform of banking solutions and unrivalled global network of relationship managers and product specialists to meet the global needs of clients.

The Global Banking (Coverage Relationship Management) Internship Programme is a ten-week programme that gives you the first-hand experience to work across a range

of transactions, collaborate with colleagues in multiple product areas, and work with some of the world's largest organisations. You will constantly learn about the products and services across our international network, and see how we use our strengths to connect our corporate, government and institutional clients to mature and emerging markets to improve their financial performance. Perform well and you could secure a place on our Global Banking (Coverage Relationship Management) Graduate Programme.

Applications will be accepted until 22 October 2017.
