Requirements

We are looking for interns who are interested and passionate about building a career in FinTech. This is an excellent opportunity to learn more about invoice discounting and trade finance while gaining hands-on experience working in a start-up environment. The intern will be able to work closely with various departments of our business including Business Development, Credit and Operations.

The ideal intern should possess the following skills in order to thrive in a start-up culture:

- Ability to multi-task and meet tight deadlines
- Capable of managing tasks independently
- Comfortable with voicing their own opinions and be creative. We are open to new ideas!
- Good English communication skills. Proficiency in Chinese is a plus.

Additional Requirements:

- The ideal candidate is a fresh graduate from an undergraduate or post-graduate program
- Finance major preferred but not required
- Successful candidates may be offered full-time employment (post-internship)

We provide:

- Product & Market Knowledge Training
- 15 days (pro-rated) paid annual leave plus all general HK holidays
- Basic salary
- MPF
- Multi-cultural working environment
