Accountant

Summary

The firm has an immediate opening for an Accountant position in Hong Kong. The post reports to the Head of Operation and Strategy and is a key member of the Accounting and Financing team. The successful candidate will be provided with excellent compensation and upward mobility.

Responsibilities:

- Responsible for the day-to-day operations of accounting functions, including A/R, A/P, GL, reconciliations, month-end & year-end closing and regular management reporting
- Work closely with the Trade Finance team on generating cash flow projection of the importing and exporting business
- Maintain the chart of account and be the key liaison of interim and annual audit
- Develop and provide periodic review and update of accounting policies and procedures in accordance to accounting and audit requirements

Requirements:

- At least 5-10 years’ experience in an Accounting role in a trading company
- Degree in accounting or finance
- Honest, detail oriented and with effective verbal and written communication skill
- Proficiency in computer knowledge, well versed in MS Excel and accounting software
- Prior exposure to Sage 50/Peachtree will be a plus
- Exposure in international trading or supply chain business is highly preferred

We offer attractive compensation package and study allowance to the right candidate. Please apply by submitting your resume and expected salary. Only qualified candidates will be contacted.
