Faculty of Education
20th Anniversary

The practice of education at HKU can be traced back almost a century, when the Faculty of Arts started to provide teacher training in 1917. In 1976, a separate School of Education was set up which, in turn, leads to the creation of the new Faculty of Education in 1984.

Rooted in a tradition of partnership with the local and international communities, the Faculty is now celebrating its achievements, as it looks to the future. You are warmly invited to join with us in our celebrations. Sign up today for the events below!
