A Year of Reflections – Embracing the Future

More than 90 benefactors, friends and colleagues gathered for HKU Foundation’s Annual General Meeting. Since its inception, the Foundation has supported a host of worthy projects in various disciplines, including academic research, scholarships and educational development. For instance, in the last financial year, HK$16 million was allocated through the Seed Grants Exercise to support projects included HKU Foundation Scholarships for Outstanding Students, Scholarship Scheme for Outstanding Mainland Students & International Students, University Postgraduate Fellowship Scheme and First-in-the-Family Education Fund, with over 700 students benefiting.

At the dinner, everyone enjoyed the chance to catch up with long-time Foundation members and meet new ones. Valuable views and comments were also sought from the guests regarding the forthcoming Centenary Celebrations.

Please visit www.hku.hk/hkuf/annualreport2009 to read more about latest development of the Foundation.
