Ricci Hall Old Boys

As much as you are able, that you should dare to do.” Past Riccians inherited a priceless legacy from their seniors. Now, they wish to leave a legacy for the younger and future ones.

Ricci Hall Old Boys

Build a Legacy. Leave a Legacy

Ricci Hall celebrated its 85th anniversary with a Gala Dinner to support the “Campaign for Ricci II” on January 17, 2015. Peter Pang 彭醒棠 (BSoSc 1979) and his rock band started the evening with a bang leading the Ricci Hall song and Ricci Cheer, which was followed by an auction of art pieces and a carplate “RICCI” donated by Riccians. Rick Tang 鄭一山 (LLB 1973; PCLL 1974) sang a song he wrote for Rev Fr Diegnan and raised HK$5 million to name one of the blocks of Ricci Hall in honour of the well-respected priest. The highlight was the performance by Dr David Fang 方津生 (MBBS 1972) whose melodic songs mesmerised the audience by a seamless crossover of operatic and pop singing.

Warden Rev Fr John Tang, SJ, Rev Fr Robert Ng, SJ, who is also the chairman of the fund-raising Steering Committee, and other former wardens were warmly embraced by the Riccians.

Ricci Hall is a nurturing ground for young people. Students enter Ricci as boys and become men when they leave the Hall. They learn about humility, perseverance and respect for tradition, and to serve the needy in the community.

“The happiest memories of my university days are my time at Ricci Hall.” The most senior Riccian, Dr Stanley Ho 何鴻燊 (Science 1939 – 1941; Hon DSoSc 1987) is the Chairman of the 85th Anniversary Gala Dinner. He donated HK$5 million to “Campaign for Ricci II”. His daughter Pansy Ho presented the gift to Rev Fr Robert Ng SJ.

The “Campaign for Ricci II” is more than a renovation project. It is Building a Legacy for the current Riccians and Leaving a Legacy for the future. It is generously supported by the Wu Jieh Yee Charitable Foundation and many Riccians.

Those who wish to donate please contact Assistant Warden and Riccian 1988 Wong Wan-man 黃允文 (BSW 1991; MBA 2010) at wongwm@graduate.hku.hk or call him at 9035-1480.
