### About [Meiyume](#)

Meiyume is primarily a B2B product solutions company built in the last 10 years via a series of acquisitions and creates packaging, formulations, point of sale, retail solutions, instrumental beauty, premiums and finished products for the Global beauty market focusing on skin care, color cosmetics & fragrance. Meiyume serves 100+ customers across US/EU/Asia; Beauty Brands (from prestige to mass market, from global corporations to local start-ups), Direct sellers, Beauty Retailers, Mass Retailers, and E-Commerce. Meiyume's services are grouped into 3 intersecting knowledge streams.

### ***Packaging and Turnkey Solutions***

Meiyume packaging and turnkey solutions teams work with customers from concept to creation to produce inspiring product solutions that capture the essence of their brand. This includes research and development of formulations and packaging through our owned or partner manufacturing facilities.

### ***Retail Solutions***

Meiyume creates bespoke solutions for our customers to understand in-store consumer behavior and optimize the retail environment for the benefit of the end-consumer and our customer. Blending together traditional point of sale, IOT, and data analytics capabilities, our focus is addressing customer business questions, providing them tailored insights and measurable ROI.

### ***Brands***

Meiyume owns and markets its owned brands through under the Lornamead subsidiary in the US and EU. These include brands such as Collection, Rapid White, The Beauty Mask Company, Triple Dry, CD Naturals, and Brisk. Through our brands, we strive to understand the end-consumer through our direct interactions with them, allowing for real market simulations.
